Забележки :
1. Стомана Вст3пс или S235J0
2. Електроди Е46
3. Ако не е посочено друго заварките се изпълняват с катет 4mm
4. Дължините на елементите да се проверят и от място преди заготовката.

Notes :
1. Steel grade Вст3пс or S235J0
2. Elektrodes E46
3. Weldings with height 4mm if anything else is not specified
4. The lengths of elements to be checked at the site before production.
